INTRODUCCION

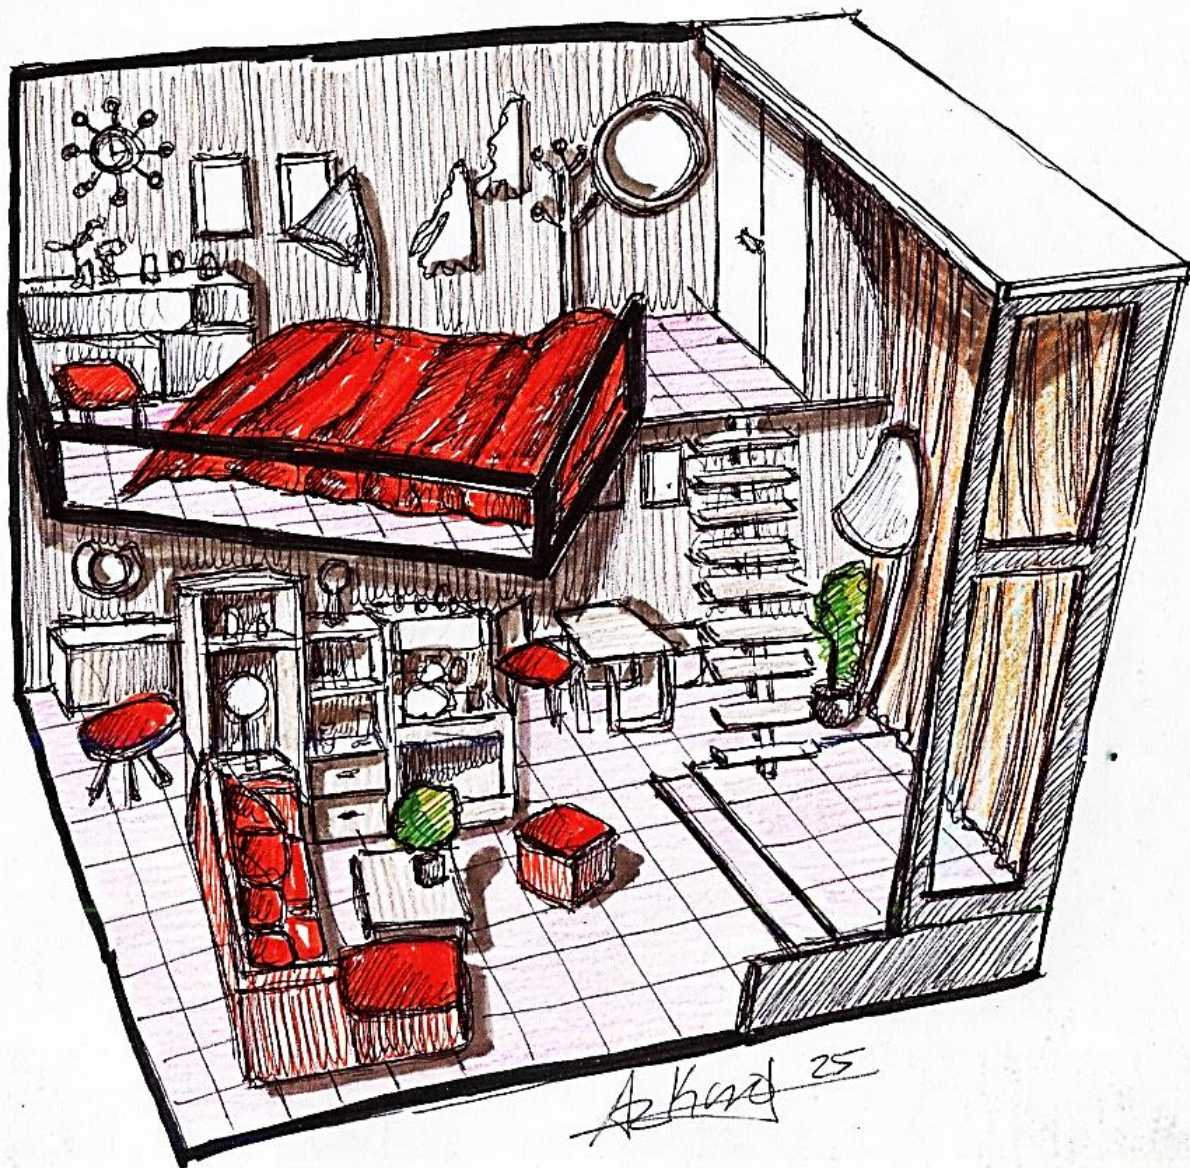

LA PRESENTACIÓN DE ESTE CUADERNILLO NO. 69, ESTÁ RELACIONADO A INTERIORES DE ESPACIOS PEQUEÑOS, DEL TIPO DE DIBUJO – MAQUETA O DIBUJO ISOMÉTRICO, PARA ENTENDER LA ANTROPOMETRÍA Y LA ERGONOMETRÍA EN INTERIORES, ASÍ COMO SU DISTRIBUCIÓN Y DISEÑO.

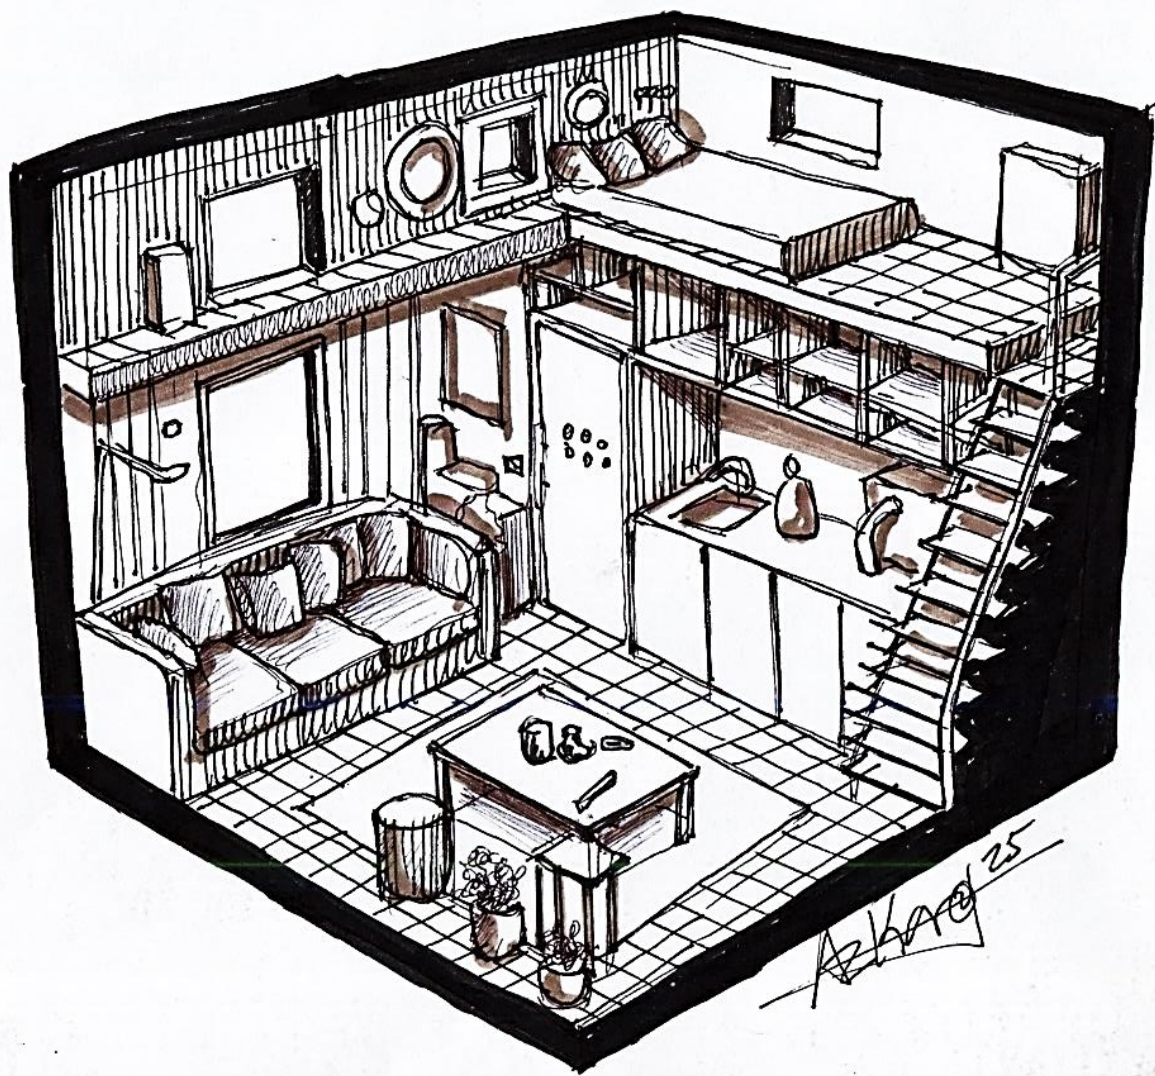

NORMALMENTE OBSERVAMOS EL OBJETO ARQUITECTÓNICO POR FUERA, PERO ES COMPLICADO REPRESENTARLO POR DENTRO, SE PUEDEN HACER PERSPECTIVAS INTERIORES, PERO DIFÍCILMENTE SE PUEDE CAPTAR Y ENGLOBAR EL INTERIOR DE LA VIVIENDA EN SU TOTALIDAD.

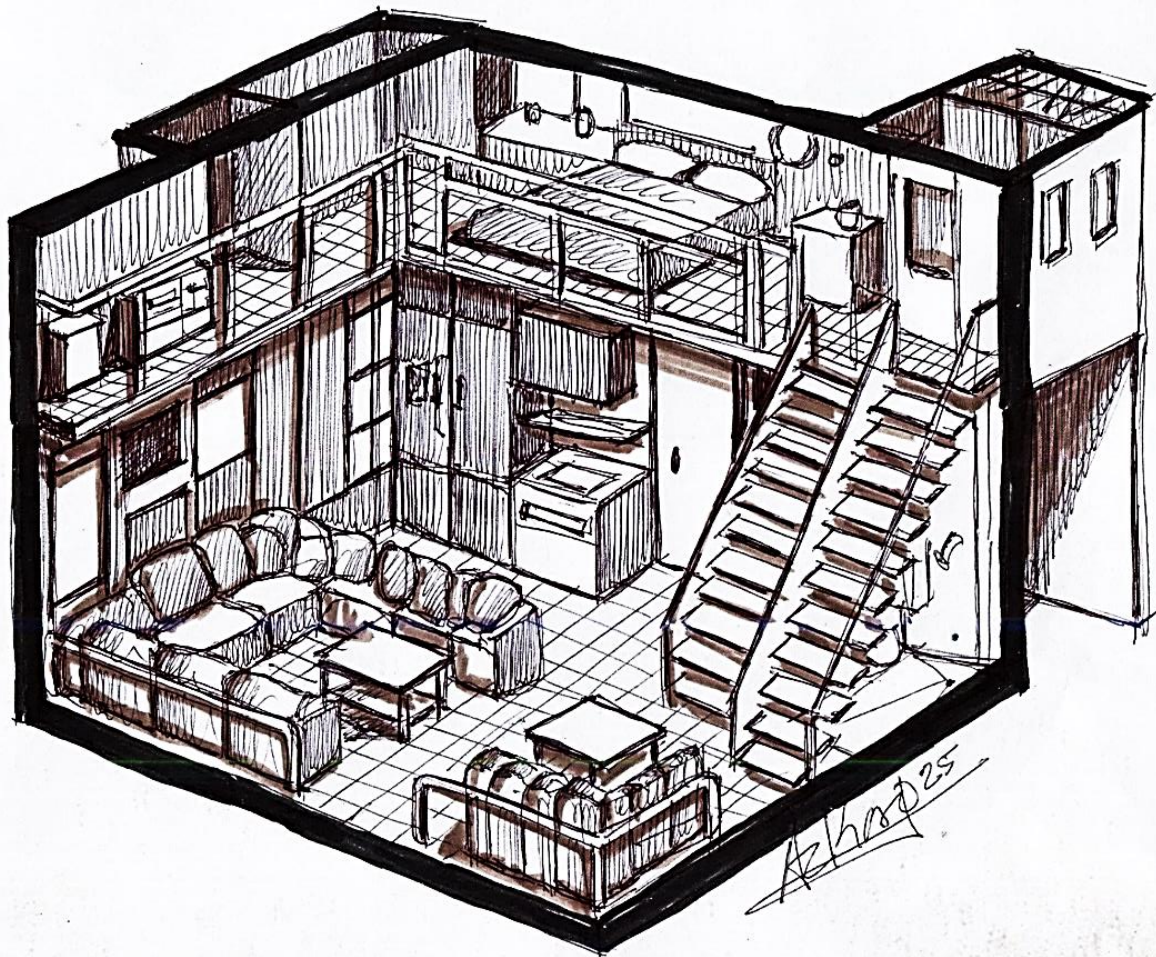

ESTOS DIBUJOS SE PUEDEN TRANSFERIR A MAQUETAS REALES, RENDERIZACIONES O CORTES PERSPECTIVADOS, ETC. IDEAS QUE AYUDAN PARA ENTENDER EL INTERIORISMO O EL DISEÑO DE ESPACIOS DE INTERIORES.

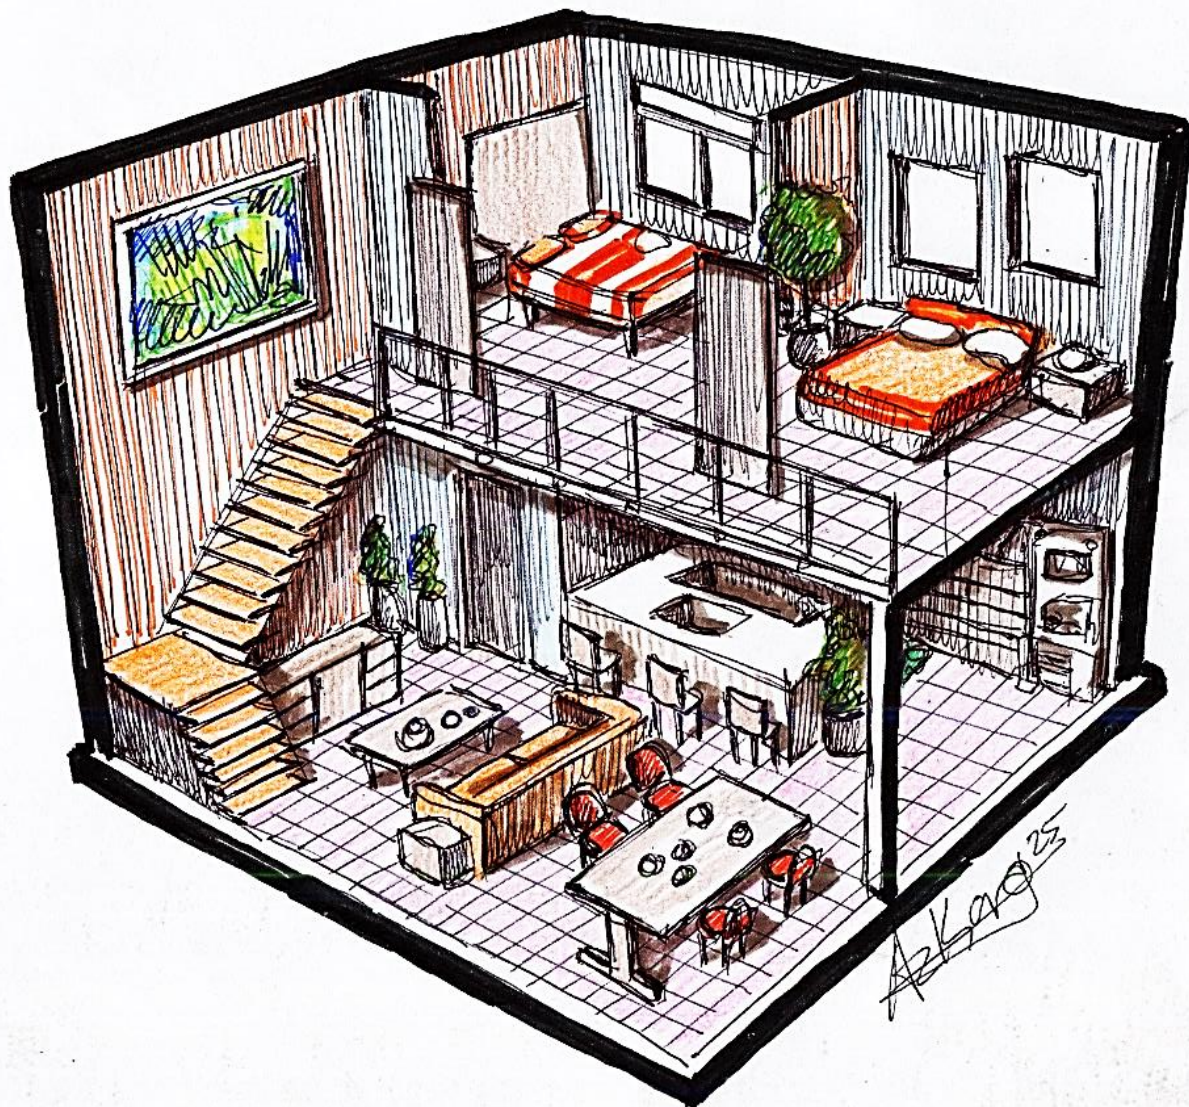

ESPERANDO QUE ESTE CUADERNILLO SEA DE SU INTERÉS.
